Location: Dhaka, Bangladesh

PROFILE

Hi! I'm Md Peyal Hasan, a dedicated Frontend Developer with a strong focus on creating interactive, responsive, and user-friendly web applications. I have practical experience with modern technologies including HTML, CSS, Tailwind CSS, JavaScript, React.js, React Router, Next.js, Firebase, and MongoDB. I am eager to contribute my skills to innovative projects and grow as part of a dynamic development team.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript (ES6+), HTML5, CSS3

Styling s UI: Tailwind CSS, Material UI, Framer Motion

States API: Redux Toolkit, TanStack Query, REST APIs (Axios), Firebase, JWT, MongoDB, NextAuth,

Tools: Git/GitHub, VS Code, Figma, Postman, Vercel/Netlify, NPM

PROJECT

Xplora | Modern Travel & Destination Platform Code | Live

A premium, high-performance exploration platform designed for modern travelers to discover and plan their next global adventure. The application delivers an immersive experience using **Framer Motion** for fluid animations and a clean, mobile-first UI. It streamlines destination discovery through dynamic filtering and real-time data fetching, providing deep insights into tourist spots and travel guides.

Tech: React.js, Tailwind CSS, React Router, Axios, TanStackQuery, Framer Motion, Firebase.

Features: Interactive destination discovery, dynamic search filtering, detailed location insights, and a fully optimized mobile-first responsive UI.

Safariz | AI Travel Plan Generator Code | Live

Safariz is a modern, AI-powered travel planning application designed to turn your travel dreams into detailed itineraries in seconds. By leveraging the power of the Gemini API and MongoDB Atlas, Safariz provides a seamless experience for travelers to discover destinations, manage budgets, and visualize their trips through high-quality imagery.

Tech: Next.js, Tailwind CSS, MongoDB Atlas, Gemini API, Unsplash API, Context API, Vercel

Features: Leverages the **Gemini API** to produce detailed, day-by-day travel schedules including dining, sightseeing, and budget-optimised activities and prompt validation.

EDUCATION

Diploma in Engineering (CST)

Mymensingh Polytechnic Institute | Mymensingh, Bangladesh *Graduated: 2025*

Secondary School Certificate (SSC)

Jogirsit High School | Sreepur, Gazipur, Dhaka. *Passing Year: 2021*

Industrial Attachment / Training

Frontend Development Industrial Attachment

Company Name: BDcalling IT *Completed: 30 November 2025*
